## Principal's Corner

Making resolutions, like exercising or losing weight, is a common tradition but unfortunately, most people do not keep the resolutions they make on New Years. Kids are even less likely to make or keep resolutions. Did your children make resolutions this year? If so, what about helping them keep their resolutions? One thing that will help is to make small goals. For example, instead of making a resolution to exercise every day, why not make a resolution to exercise more in 2019. Consider making one or more of the following resolutions with your child this year.

- Eat one extra vegetable and fruit each week.
- Read one more chapter in a book each week.
- Study 15 extra minutes each week.
- Watch 15 minutes less of T.V. each week.
- Play your electronic games 15 minutes less each week.
- Play an educational game.

Parents can make resolutions with their children too. Why not spend an extra 15 minutes each week reading with your child? Let's keep our resolutions in 2019.

## Weatherproofing Our Children!!

*Winter weather has made its way to Greenville. It is important that you check each morning to make sure your child is dressed suitably for the weather.*

*Please remember our students must travel outside the building during the course of the school day, therefore it is necessary they are dressed for the weather. If students wear shorts or dresses, please make sure they have on thick tights, leggings, or long socks.*

# Halftime

It is hard to believe that we are halfway through this school year. It is very important that you closely monitor your child's grades. We want your child to be promoted, so if you see that your child is struggling, schedule a conference with the teacher. You can also access your child's grades and attendance record in INow. If you need your username and password, stop by the main office.

## Refreshments and Conversation
