Students, Parents and Community Members,

I have realized over the years that technology has changed the way we communicate. Our smartphones, tablets and social media have taken away from face to face conversation. For the next few weeks, let's challenge ourselves to have family meals together without technology being involved. Eating together gives parents and children a chance to chat about the day's events. It also strengthens family relationships. Whether you have time to cook or picking up carryout, try to sit around the table and enjoy each other's company while you eat.

#### **Handbook and Code of Student Conduct:**

Parents,

It's imperative that our students understand what's listed in their code of conduct. Occasionally we have students to bring items that are not appropriate for the educational environment. These items can easily place a student in Alternative School or worse case, being expelled from school. Students are prohibited from having any item that's a replica of a firearm that could eject a projectile. This includes water guns, nerf guns, BB guns, air soft pistols, sling shots, etc. Here at Greenville Middle School, we treat replicas as the real thing and will continue to do so to ensure the safety of All. If you would like another copy of your board adopted handbook, please contact me and I will send one home immediately with your child.
