Dear McKenzie School Family:

Michael Nimmer
District 1

Earlier today we were contacted by a parent of one of our students stating that the parent has a confirmed case of COVID-19. While it is unknown when this parent contracted the virus, this family was advised by the ADPH to contact everyone that their family has had contact with over the last two weeks. Therefore, out of our responsibility to you and your family, we are sending this notification to inform you that students attending McKenzie School and staff members may have been exposed to COVID-19 through contact with this student.

Lois Robinson
District 2

We encourage you to monitor yourselves and your family for the following symptoms:

- fever
- cough
- body aches
- shortness of breath

Brandon Sellers
District 3

If you should develop one or more of these symptoms, please CALL your doctor or nearest urgent care for guidance. If shortness of breath is severe, seek emergency treatment via an Emergency Dept. (please call ahead) or 911 (please make them aware of potential exposure). If you have a confirmed case of COVID-19, please email joe.eiland@butlerco.k12.al.us or call 334-382-2665, ext. 1100 and leave a message.

Linda Hamilton
District 4

Please continue to practice social distancing by remaining at home with your family unless it is for work or obtaining essential items like food and medicine. Practice good hand washing and respiratory etiquette for coughs and sneezes. Should a family member develop the symptoms listed, please isolate this person from other members of the family and your pets.

Mickey Jones
District 5

As we look ahead to the date when students will resume attending classes at McKenzie School, we have already begun the process of disinfecting the campus before students return to school on April 6.
