BUTLER COUNTY
BOARD
OF EDUCATION

SUPERINTENDENT
OF EDUCATION
Joseph Eiland

Dear Parents and Guardians,

Michael Nimmer
District 1

As we approach our school start date of September 8, 2020, I want you to know that we are preparing for the safest and greatest learning opportunity we can offer for the upcoming school year. Everyone has been impacted by the pandemic we are currently experiencing and with this comes the necessity for different procedures as we prepare to open our doors. For those of you who may have not seen our Back to School Plan, it can accessed on our website at www.butlerco.k12.al.us

Lois Robinson
District 2

The first day of school is an emotional time for students and parents. This is especially true for our kindergarten and younger elementary students. Under normal conditions at the beginning of our school year, we have welcomed parents and guardians into our buildings to assist students in finding their classrooms and teachers. This year is far from normal; and, guidance from every professional health organization urges us to limit visitors in our buildings to the greatest extent possible. For the health and safety of our teachers, you, and your children, **we cannot allow any visitors in our hallways and classrooms.** Our office areas will be our only area for receiving visitors and we ask that you make every effort to limit your visits to our offices for safety reasons. When you must visit our office, we ask that you maintain 6 feet distance from all others and wear a mask.

Brandon Sellers
District 3

For those of you who drop off your children, your child will be met at entrances by our teachers and they will be escorted to their next destination, which will either be the school cafeteria or classroom. Please understand that this is purely a precautionary measure to maintain the health and safety of everyone. **Please note that no student will be allowed in our buildings before 7:30 each morning.**

Linda Hamilton
District 4

We always covet your participation in the education of your children; but for this moment in all our lives, I trust that you will understand that we must maintain the highest level of protection possible in keeping our school buildings free from possible exposure to COVID-19.

Mickey Jones
District 5

As a parent/guardian you are our first line of defense in diminishing the possibility of exposure to COVID-19. Please make certain that your children are fever free and display no outward symptoms of COVID-19 as indicated by the Alabama Department of Public Health and other health professionals. We are depending on you to help keep our children safe. Your child's principal will provide you with more extensive and specific details as to how our children will enter and exit the buildings each day.

Sincerely,

Joseph Eiland
Secretary and
Chief Executive Officer

Joseph Eiland
Superintendent
